

*Aspire. Expect. Achieve.*

## Home School Agreement

We aim to be an exceptional first-choice school preparing students for further and higher education leading to a career of their own choice. Ark Kings Academy has high expectations of its students to achieve academic excellence and to make a positive contribution both to the academy and the wider community. Our school motto '**Aspire. Expect. Achieve**' captures the essence of our school.

- Every student is encouraged and helped to **aspire** to great things in their lives – both now and in the future.
- Every student can **expect** to be taught well in an orderly environment and in return work hard, respect others and make no excuses.
- Every student can **achieve** - we won't accept any excuses and we won't make any either doing whatever it takes to succeed each and every day.

To achieve these high ambitions we will focus on three main outcomes for every student:

- High-value academic qualifications with a particular emphasis on achieving well in English and mathematics.
- Outstanding character and attitude to learning to ensure each student can be successful in their school, home and work life.
- Employability skills that count to ensure our students stand out in the workplace.

This is my commitment to you as Principal on behalf of the school. I know that if we work in partnership – school, parents and students – all children can be successful at Ark Kings Academy.
