

## Home School Agreement

Our school values, '**Aspire. Expect. Achieve. Together**' capture the essence of our school.

To *Aspire* is to have big dreams, and to be brave and determined enough to make them become a reality. When we aspire, we see a vision of the future that helps us to define our goals, so that our time at school has purpose. Aspirations are the bedrock of achievement

To *Expect* is to have high expectations of yourself, both in your work and your relationships with others. We should expect to be challenged in school, on our work and on our viewpoints and choices, and endeavour to meet up to those expectations in everything that we do, with resilience and integrity. Expectations ensure that our aspirations become reality.

To *Achieve* is to meet your full potential. It means to complete all work with excellence, producing the highest quality output in order to demonstrate what you can do and identify your next steps for further progress. Achievement is gained by being a leader and helping your community to become better and achieve shared goals. Achievements help to secure our future.

To be *Together* means thinking beyond yourself to the needs and emotions of those around you, both in your local community and across the world. It means to act with empathy, accepting and celebrating our differences and providing service to others that contributes to making society a better place for everyone. Togetherness allows us to change the world.

***Aspire. Expect. Achieve. Together.***
